**BM TRADA**  
CERTIFICATION  
COMPETENT PERSONS

**Competent Persons Scheme:  
Replacement Windows and  
Doors in Dwellings**

# Q

As an installer of replacement doors and windows, for every installation you undertake, you must notify Local Authority Building Control (LABC) that the work complies with the relevant parts of the Building Regulations (parts A to M). However, this can be both costly and time consuming.

So how can you demonstrate compliance with Building Regulations and notify LABC both quickly and cost effectively?

# A

By being a member of the BM TRADA Competent Persons Scheme for Replacement Windows and Doorsets in Dwellings.

## The BM TRADA Competent Persons Scheme:

- Checks that an installer or organisation is able to comply with Building Regulations
- Provides a means for installers and organisations to declare compliance for each installation
- Provides a simple and cost effective mechanism to notify all installations to LABC
- Demonstrates compliance with Building Regulations to end users by providing declarations of compliance for installations
- Provides peace of mind that the organisation or installer is suitably qualified and that their work is checked by an independent body
- Raises the on-going standard of replacement window and doorset installations
- Is approved by the Department for Communities and Local Government (DCLG)

## Benefits

Enables you to reassure your customers that you meet the requirements of the Building Regulations

Enables you to achieve a reduction in the amount of administration time spent in relation to Building Regulations compliance

Delivers significant cost savings in comparison to the LABC inspection route

You benefit from association with BM TRADA, widely recognised as a leading provider of independent third party certification

Operates in agreement with DGCOS and fulfils one of the steps in achieving certification under their scheme

## Achieving certification:

If you want to become a certified member of the BM TRADA Competent Persons Scheme for Replacement Windows and Doors in Dwellings, you'll need to complete the following:
